DETAILED ACTION

Response to Remarks

1. Applicant's amendments filed on July 13, 2005 have been considered, but they are not deemed to put the application in condition for allowance.

The cancellation of claims 1-55 is duly noted.

Per claims 56 and 57, their amendments do not change the meaning or the scope of the claims, and the original grounds of rejections are maintained. The same reasoning apply to the claims 58-65.

New claims 66-69 have been considered, however, the scope of the claims 66, 67, 68, and 69 are covered by claims 62, 62, 68, and 56, respectively. In fact, the scope of each of the claims 62, 62, 68, and 56 is narrower or equivalent to that of each of the claims 66-69, respectively. Thus, the reasons for the rejections of claims 62, 68, and 56, apply to claims 66-69.

Claim Rejections - 35 USC § 103

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Art Unit: 2143

3. **Claim 56-65 and 66-69** are rejected under 35 U.S.C. 103(a) as being unpatentable over Walrand and Key as applied to cancelled claim 4 (whose rejection is explained in the first Office Action, dated March 11, 2005) and further in view of Hughes.

With regard to claims 56-65, the original grounds of rejections stated in the first Office Action, dated March 11, 2005, are maintained. The amendment to the claims do not change the meaning or the scope of the claims sufficiently to have them no longer read on the references cited in the first Office Action.

In reference to the new claims 66-69, their limitations are broader than or equivalent to those of corresponding claims 62, 62, 68, and 56, respectively. The reasons for the rejections of claims 62, 62, 68, and 56, stated in the first Office Action, apply to the new claims 66-69.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
